[Total 1-8-17 Response to 104e Request.pdf](#)

Ed:

Just checking in to see if you've had a chance to review the attached and wanted to discuss further. The extension EPA granted was until January 26, 2018, and if we were going to have a discussion about a revised scope that more specifically targets the areas in which you all are interested, it would be best to either have it sufficiently in advance of that date or to discuss a further extension in order to give us time to incorporate any potential scope changes in our response.

Subject: Star Lake Canal 104(e) Request

Ed:

Per our conversation a couple of weeks back, Total is providing the attached initial response to EPA's 104(e) Request in the hopes of starting a dialogue about the appropriate and necessary scope of the request. Please let me know when you've had a chance to review and would like to discuss.
